Our story

Founded in 2012, SoftLab has carved a niche in educational innovation. Our journey began as a college project, and today, we have grown to **75 members** and we empower **750+ institutions** including renowned names like **Far Western University**. Witnessing education's dynamic evolution for 13 years. we've adapted and thrived, becoming a trusted partner for institutions seeking to transform their educational experiences. Let's shape the future of learning together.
